

Dear Habibian Friends:

Salaam.

It is my pleasure to write down the Friday Note to my Habibian Alumni Friends at the end of an eventful year.

HPSAA was formed in the early days of 2018. Almost two years have passed. Typically Alumni are created for bringing old friends together. It's based on the Reminiscence Theory of Knowledge. Let me say it provides for some Reminiscence Therapy also. So this is the Purpose One for the formation of an Alumni.

Purpose two is derived from Maslow's Theory of self-esteem and self-actualization. We must recognize the fellows who have stellar achievements to their names. They are a source of inspiration for their colleagues and juniors.

Purpose three is, the welfare of the people belonging to the Alumni. At this point, I want you to please navigate down the years and come forward with ideas as to how we should do good for our fellows and less fortunate ones. Let's make the new year 2020 a year of "Giving and Sharing with others". I will come back to you again in the new year with some objective settings for 2020 after meeting EC members on January 3rd and hearing your ideas.

I shall eagerly wait to hear your ideas on giving back to the school and how we can help the less fortunate Habibians.

I wish you my very best regards and a very Happy New Year. May Allah bestow his blessings on you and your family.
